

Summer Training Events

All Things HVAC

**6/17
6/18**

Home Electrification Contractor Boot Camp

Two-day introduction to residential building electrification, designed for construction trade personnel of all levels.

8:00am–5:00pm | Builders Exchange, San Luis Obispo

**7/7
Tue**

What a Load Calculation Is and Why One Is So Important

12:00pm–1:00pm

**7/15
Wed**

Recovery Ventilator: Installation, Energy Savings, and Compliance

2:00pm–4:00pm

**8/20
Thu**

Introduction to Residential HVAC Design

2:00pm–4:00pm

**9/1
Tue**

2025 Energy Code: Multifamily Ventilation

12:00pm–1:00pm

ASK THE EXPERTS!

**8/19
Wed**

Ask the Experts: Energy Compliance & Modeling with Grant Murphy

10:00am–11:00am

Join us for an office-hours style open discussion focused on energy code compliance and performance modeling. This interactive session gives participants direct access to experts who can help clarify Energy Code requirements, compliance forms, modeling approaches, and energy modeling software. Bring your questions and real-world project challenges! The conversation will be guided by the needs and questions of attendees.

**9/24
Thu**

Ask the Experts: Heat Pump Water Heater & Solar Permitting with Reuben Veek

12:00 pm - 1:00 pm

Reuben Veek, Founder and Executive Director of SunWork Renewable Energy Projects, will lead this interactive and engaging session on the permitting requirements for heat pump water heaters (HPWHs) and solar installations. Reuben will help clarify general permitting processes, answer project-specific questions, and address common challenges encountered by contractors, designers, installers, and building professionals. Bring your questions and participate in an open dialogue designed to support successful project planning, compliance, and implementation.

Green Building Training

**6/16
Tue**

Green Building Construction Tour – Morro Bay

3:30pm–5:00pm

Address provided upon registration

**7/22
Wed**

Next Generation Passive Solar & Passive House

9:30am–11:00am
